Goat Rankings! Get Ready for the Summer

It is our hope that you have a plan to maintain your property over the summer. Once again, we will continue to provide "Goat Rankings" and will inform you periodically how your yards stand up. The more goats you receive, the more your grass needs to be cut. Also, goats are not very smart, so they eat garbage too.

One goat = looking good
Two goats = time to clean up the farm
Three goats = prime eating material for goats, need to get the yard taken care of
Four goats = can't see the front door from the streets

Goat Rankings will be included in the summer editions of the Illini Greek which will go out monthly!

Raffle

If you read the Illini Greek this week you should be able to answer the question below. Reply with your answer to Michelle Hart at moutlaw@uiuc.edu and your name goes in the raffle to be eligible for one of the three certificates to restaurants, stores, etc. of your choice (if you win) - this will count toward Spring 2008.
